

TIME CHANGE and Halloween too. Happy indeed is the busy press photog overwhelmed with assignments who can make one picture do the work of two, as did Pat Callahan, Graphic Newspapers photographer, in this instance. The pumpkin --jack-o-lanterns are made of pumpkins--has the Halloween touch and, of course, the hours and clock hands painted on the pumpkin can only refer to one thing at this time of year, changing clocks back to standard time. That means turning the clock back an hour. Halloween and time change both fall on Sunday, Oct. 31. The young lady holding the pumpkin is Mrs. Sharon McAdams, of Mokena, an attractive and important part of the Graphic staff.

Remember! Set Your Clocks Back Sunday

Now is the time -- well, actually Sunday will be the time, for all good men who pride themselves on their punctuality to set their watches and clocks back an hour.

The occasion, of course, is the end of daylight saving time for the current year. In Illinois daylight saving time is provided for by state law to cover the period from the last Sunday in April to the last Sunday in October.

Legally daylight saving time is to end at 2 a.m. Sunday morning, Oct. 31, but most persons will not stay up to put their clocks aright. Most people will make the change before retiring Saturday night. On the other hand there will be many who will forget all about it and

will go to church Sunday or to work Monday on daylight saving time and discover they are early.

Theoretically, this is the time to regain the hour of slumber lost by advancing the clocks last April but it is difficult for many. When the clock points to midnight it is easy to convince oneself that it is really only 11 by standard time and 11:00 on Saturday night is early for a lot of people.

It will be dark early but it shouldn't be midnight black when one gets up early in the morning. Motorists are urged by safety experts to take the early darkness into consideration if driving home from work.

Seeks Nominees

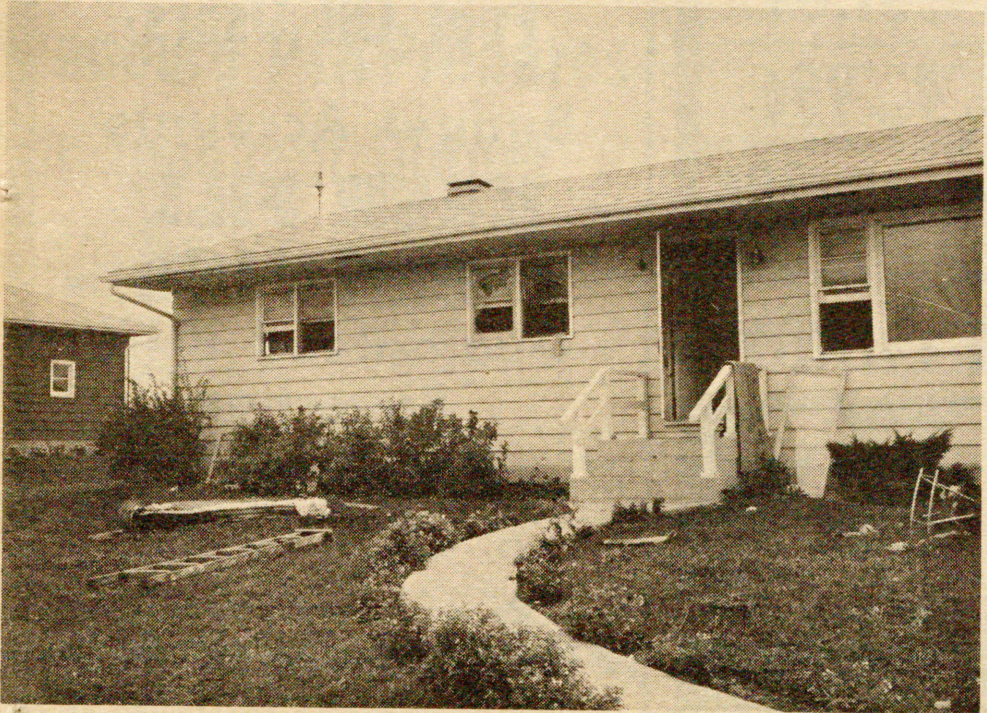

All organizations in Mokena are requested by the Chamber of Commerce to submit names for the Outstanding Citizen award to be held in January, 1966. Names should be submitted by Dec. 10 to Charles Swenberg, chairman.

Speaks At Mokena C. of C. Meeting

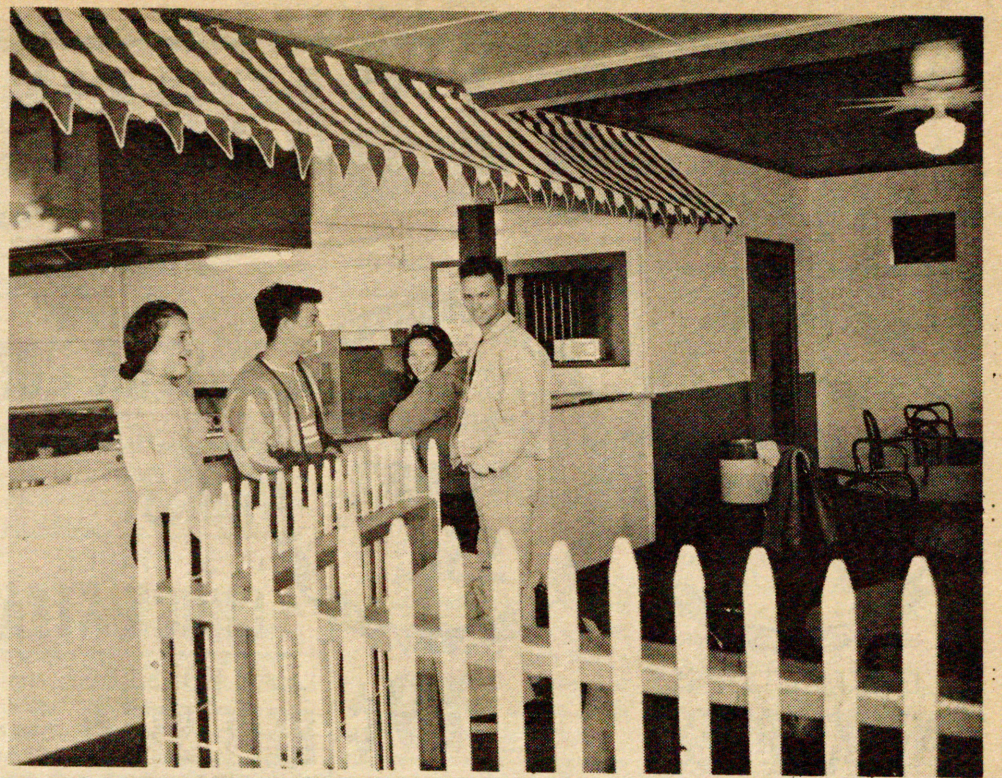

Robert Geuther, chairman of the zoning board of appeals, spoke at the Chamber of Commerce meeting held Thursday, Oct. 21 at the VFW hall.

The chamber approved the annexation of any areas which would like to become annexed.

There will be a joint meeting with the Frankfort Chamber of Commerce on Wednesday, Nov. 17 at the American Legion hall at Frankfort. A dinner will be served.

Open Club At New Lenox For Lincoln-Way Teens

A new club for teens of the Lincoln-Way high school district was opened this week at New Lenox.

"The Hut," as it is called, is located at Cedar and Oak streets, in what was formerly the George Marshall grocery store. The interior has been renovated with walls and ceilings bright with new paint.

A snackbar, with a gay awning, has been built in one corner where sandwiches and the various soft drinks favored by teens will be served. Mrs. Lorraine Koenig will manage the food service.

A white picket fence stretches across the width of the room from the corner of the snackbar, with a gate. There are tables and chairs, a space for dancing and a juke box. The juke box looks like a juke box and plays like a juke box but with this difference--the kids don't have to put in dimes. It plays for free. Pretty tough, eh?

The table tops are round, made from thick slabs of plywood, fastened to a barrel. This was the most practical and economical way to provide tables, said Mrs. John B. Anderson, who with her husband, an attorney and member of the New Lenox grade school board, and the Rev. James Harper, pastor of Grace Episcopal church at New Lenox, are the three incorporators of The Hut Association, an Illinois not-for-profit corporation. They will also serve as the official board of directors until replaced by other residents of the com-

munity.

But the direction of the club will be in the hands of student leaders from the sophomore, junior and senior classes at Lincoln-Way high, forming an advisory board. If students from other high schools who reside in the Lincoln-Way area apply for membership, they too will be represented on this board.

This advisory board will be responsible for enforcement of the by-laws and rules of conduct in the club portion of the premises. The board has authority to revoke individual memberships for violation of the rules. It also will arrange for entertainment and other functions to be financed by the dues collected.

The dues from Sept. 1 to Sept. 1 are \$5. Because of the late opening the dues for membership up to Sept. 1, 1966, are \$4.50. Alternate plans are also offered, \$2 for a four-month membership and a membership good for the remainder of 1965 is available at \$1.

Students may apply for membership at the club anytime while it is open. The hours are from 3:30 to 9:15 p.m. Monday thru Thursday. On Friday and Saturday the closing hour is midnight. On Saturday the premises will be open all day and until midnight. Sunday hours are from 1:30 to 9:15.

It should be explained that the portion of the building behind the white picket fence is for club members only. There is space in front of this fence where the public--all ages--may come for refreshments. And those in charge hope they do--this additional patronage, they point out, is necessary to meet the overhead and expense of the food service.

Stresses Need Of Ambulance To Serve Orland Park Area

BY BEVERLY E. ANDERSON

The Orland Park Volunteer Fire Department was formed approximately 72 years ago. In 1960, the Salvation Truck or Rescue Squad was added to the departments' equipment. Now an ambulance is needed due to the population of the fire area.

Did you know, that IN 1960, THERE WERE 98 CALLS for the panel truck rescue squad? First aid was given 34 times and there were 64 other type emergencies. In 1964, there was a 37% increase in all calls over 1963. BETWEEN JAN. 1 AND SEPT. 1, 1965, the RESCUE SQUAD ANSWERED 114 CALLS! THE INHALATOR WAS NEEDED INSIDE THE VILLAGE 32 TIMES AND OUTSIDE THE VILLAGE 15 TIMES!

Have you ever wondered what is inside the box-like panel truck? The two outer walls of the truck are lined

with cabinets containing emergency equipment for the fire fighters. Other than first aid equipment and plastic splints there are two Scott air packs for entry into toxic fume filled buildings, ropes, ladders, pry bars, pickaxes, heavy working tools, Chemox masks, a Stevenson minute man and camera. The latter is used for on the spot records of fires (where arson may be involved) cave-ins and automobile accidents. The K-12 saw, (Swedish made), a precision instrument with interchangeable blades rotates at six thousand RPM. This saw can cut a 5-foot hole in a roof in two minutes. It can cut off the top of a car, saving precious moments for the accident victim. The rescue truck carries flood lights and a generator, fuse pullers and inhalator equipment. Brooms, squeegees and scoop shovels for clean up work in a home after a fire.

The volunteer fireman

must attend weekly drills to keep abreast of the latest fire fighting equipment. He trains and retrains under non-emergency conditions. He attends seminars at the University of Illinois and attends two-day training programs in neighboring Wisconsin. It is his duty to attend demonstrations given in different towns, arson schools and photography schools. He must qualify in first aid emergency service to belong to the rescue squad crew. At the fire house he has many tasks in connection with the up-keep of the equipment. All without pay.

Should a fire call and an emergency call be received at the same time. The rescue truck answers the emergency call, life-wise and insurance-wise. Orland Park is fortunate in having a 35 man volunteer Fire Department. The increased number of calls for a rescue squad in the past months proves Orland Park needs an ambulance.

Cause Of Fire At Langs Home Is Undetermined

Fire of undetermined origin destroyed the interior of a bedroom and caused considerable fire and smoke damage to other portions of the Richard Langs residence on 194th ave. in Sunny Acres, last Thursday (Oct. 21) afternoon. It was estimated that the loss would run to approximately \$5,000.

The heat was so intense that a clock was melted on a kitchen wall and the thermostat housing in the hall.

The fire was discovered about 1:15. Mrs. Langs was in the living room talking with a visitor, Mrs. Joan Ferran, of Rt. 6, when they smelled smoke and investigation revealed that the bed-

room was on fire. The blaze apparently started in a clothes closet there.

Mrs. Ferran's daughter, Maureen, Mrs. Langs' daughter, Nancy, 4, and some neighbor children were in the house. Mrs. Ferran shepherded the youngsters to safety while Mrs. Langs called the Mokena fire department.

Firemen had the blaze under control quickly, using high pressure fog so there was little water damage.

The bedroom in which the fire started is at the front of the house and is tenanted by the two daughters of the household, Nancy and Theresa, 7. Their clothing was destroyed. Theresa and her two brothers, Tom, 11, and Jim, 9, were at school (St. Mary) when the fire broke out.

Mr. Langs, who is employed at the Argonne Laboratory, was informed of the fire by telephone and came home and arranged for shelter for his family. The Langs had insurance.

Republicans Meet

Republicans of the fifth Frankfort township precinct -- Lincoln Estates -- are invited to attend an organization meeting Friday Nov. 5, at 7:30 p.m. in the banquet room of Hog's Inn.

The invitation was extended by Glenn Coburn, precinct committeeman.

Various activities for the coming months will be planned, he said, and several pertinent topics discussed.

CHANGE DATE

Tom McKay, of Triple-R ranch near Frankfort, had invited members of the Frankfort Chamber of Commerce to his place last Monday night (Oct. 25) to meet their new congressman via re-apportionment, Leslie Arends, of the 17th district, minority whip in the House. All Will county but Joliet, Lockport and DuPage townships, has been added to the 17th district.

Arends was unable to fit his commitments in with that date, however, and the meeting was postponed to next Monday, Nov. 1. It is slated for 7 o'clock.

Boy Cyclist, Hit By Car At Orland, Dies

A cyclist was killed just outside Orland Park last Saturday afternoon about 4:30 o'clock.

The victim was 12-year old Daniel Rank Jr., of 8842 W. 147th st. He was struck by a car driven by Robert Jackman, 40 of 147000 Holly Court, according to Cook county police. The accident occurred in the 8300 block on 143rd st. Both vehicles were westbound, according to the report.

The rescue squad of the Orland Park volunteer fire department was at the scene immediately but it was believed the boy was without life then. He was pronounced dead at St. Francis hospital, Blue Island.

Daniel was a seventh grade pupil at the Orland Park grade school. Funeral services were held at Berwyn at 10:30 yesterday morning.

Baptist Group Protests Use Of "Porgy And Bess" Number By Stagg Chorus

A protest against one of the songs scheduled for the Stagg high school choral concert tomorrow night was voiced at the business meeting of the First Baptist church of Orland Park last Wednesday night, Oct. 20.

The song to which objection is made is, "It Ain't Necessarily So," from Gershwin's "Porgy and Bess." In the show this song was sung by "Sportin' Life," a nefarious character -- the Devil himself, if you will, and the views expressed in the lyrics are what one might expect from the Devil.

In a letter addressed to Charles E. McBurney, president of the board of education of High School Dist. 230 (Sandburg and Stagg) the following paragraph expresses the feelings of the Baptist group:

"The church believes," the letter states, "that such an anti-Christian, Bible-slandering song should not be given by a tax supported public school in which the Bible is not allowed by law to be taught in the proper Christian manner."

The letter further states that those attending the business meeting of the church Oct. 20 "voted unanimously to go on record protesting the planned presentation by the Stagg high school chorus" of this song.

The letter is signed by the Rev. Marvin R. Chandler, pastor of the church.

This is the second letter containing similar views received by school officials, the first one coming from a Baptist pastor in Chicago about two weeks ago.

Supt. W. O. Fisher said this week that the board declined to act and the song will be sung as scheduled.

"I talked to a number of pastors in the district," Supt. Fisher said, "and none of them expressed any objections. In fact a couple of them gave sermons on the subject in behalf of the chorus' use of the song. I am certain that there are things in our textbooks and the

N. Lenox School Officials Tell Of District's Needs

Voters of the New Lenox school district, No. 122, will go to the polls Saturday, Nov. 6, to vote on the proposition to increase the maximum rate for educational purposes from 80 cents to \$1.01.

It has been 14 years since the voters of the district have been asked to authorize an education fund rate increase, according to Supt. Arnold Tyler.

A spokesman for the board of education stated that if the increase is authorized the board would plan to use the authorized rate in amounts of four to six cents per year and thereby not bring any great increase per year in the school taxes of the individual taxpayer.

For several years, he declared, the district has had to expend more money to operate the school program than current receipts and

revenues total. To operate under this condition, it was explained, it has been necessary for the board to borrow increased sums thru anticipation tax warrants and pay interest on the amounts borrowed.

Along with inflation contributing to increased costs, the spokesman continued, the district has experienced enrollment increases each year, and the total enrollment this year is 1,435 pupils. Six buildings are maintained and a total of 62 certificated personnel make up the administrative and teaching staff.

The board of education is convinced that it is offering a conservative program with a per pupil cost of \$328 per year. Only four of the 33 school districts in Will county spend less per pupil, the board declared.

Supt. Tyler said that comparative studies of educational tax rates in the 33 Will county school districts show the New Lenox rate to be in the lower 20%, with 26 districts having higher rates.

Approximately 45% of the money going into the educational fund to operate the New Lenox schools, Tyler stated, come from local taxes and 55% are derived from state and federal sources.

L-W To Have Annual College Night Nov. 2

Jonas Lashment, guidance director, announced the ninth annual "College Night" will be held on Tuesday, Nov. 2, at Lincoln-Way high school. The evening's activities will begin at 7:30 o'clock in the all-purpose room and the cafeteria.

Purpose of this program is to give students and parents an opportunity to meet with college admissions counselors to have their questions answered regarding a particular institution. Over 50 invitations have been sent to those colleges in which Lincoln-Way Students are interested. All of the state

universities will be represented in addition to many private colleges, nursing schools, and junior colleges.

The program is arranged to include a browsing period and three conference periods. The browsing period gives students and parents a chance to visit informally with the college representatives of schools other than those with which they plan to have a group conference. The three group conferences are planned so that the representatives can give a formal presentation about their college and pass out brochures.

Natural Reds - Not Red Heads

One of the delights of autumn is to walk thru the woodlands and feast your eyes upon their coloring. For thousands of years, men have labored to satisfy this instinctive love of color by making beautiful things with dyes, stains and paints. Until the middle of the last century, when it was discovered that aniline dyes could be made from coal tar, most dyes were obtained from natural substances in plants or animals. Shades of red were eagerly sought.

There were many reds, as we discover when trying to describe the colors of the sumacs, maples and oaks. In a dictionary we find that scarlet is a yellowish-red; vermilion includes several lively brilliant reds; cherry is a bright yellowish-red in hue; maroon is a dull color varying from reddish-blue to reddish-yellow; carmine is a rich crimson and crimson is any one of several hues from pure red to bluish red. Most biologists refer to Robert Ridgeway's "Color Standards and Color Nomenclature", with its 1,115 named colors accurately defined.

In Asia and Europe, the ancient craftsmen understood the secrets of making several shades of red dye. One of the finest and most ancient was "kermes", and source of our word "crimson" and the Arabic name for a wingless insect living on certain species of European

Letters To The Editor

ASKS SUPPORT OF

AMBULANCE DRIVE

Dear Sir:

Without the prompt and efficient service of our village fire department, I

sect -- the cochineal bug that, lives in colonies among tattered white tents of silk and wax spun on the pads of the prickly-pear cactus.

Killed in ovens, then dried in the sun, these produced the "silver cochineal" from which the finest dye was made; but it was more than a century before Europeans discovered the only chemical, tin oxide, that would deposit the pigment on wool or other fiber so that it would not wash off. Eventually the bugs were imported and grown in Spain, Italy, North Africa and other countries where the cactus can be grown. They are still grown in Mexico and India to furnish the permanent brilliant carmine for foods, drinks, cosmetics and artists' colors.

Cochineal, like corn on the cob, has no counterpart.

would have lost someone very dear to me recently.

First of all I would like to express my profound gratitude to those men that work so hard for us and too often do not even get a small "thank you" for it.

I am probably not alone in thinking "it can't happen to me," but when it did happen it only took them about three minutes to respond to my call for help. It helps me to sleep nights knowing we have that service and that help for my wife and children is that close.

I am going to do everything in my power to assist in getting the new ambulance they so desperately need, and I urge every resident of Orland Park to join me.

A small donation from each of us will put it over and we all know you can't put a price tag on the lives of our loved ones.

Sincerely,
John W. Williams

Sandra Cooper Weds Malcolm Todd

The honor of giving away the bride went, Saturday, Sept. 4th to Thomas D. Cooper, grandfather of Miss Sandra M. Cooper, Princeton, Ill., who exchanged double ring vows Saturday with Malcolm J. Todd, Grand Tower, Ill. The Rev. Father Arthur M. Gard solemnized the ceremony at 3 p.m., in St. Jude's Episcopal church in Tiskilwa. The brides parents are Mrs. Frances M. Cooper, 522 North Vernon street, and the late Darwin G. Cooper. Mr. Todds parents are the Carl Todds of Grand Tower. Both the Darwin Cooper family and the Thomas Cooper family were former New Lenox residents, having lived here for many years.

As the bride approached the chrysanthemum and gladioli adorned chancel on the arm of her grandfather, she wore a white peau de sole A line gown, with floor-length skirt and molded high-rise, fitted bodice. The gown was fashioned with a sweetheart neckline, long pointed sleeves and Watteau train, enhanced with lace, tiny seed pearls and sequins. Her three - tiered silk illusion veil cascaded from a tiara of pearls and sequins. She carried white gardenias and blue snowdrift, entwined with ivy.

Mrs. Melody Howell was matron of honor and she

St. Jude's Is Scene Of Knowles-Schram Wedding

At 2 o'clock on Saturday, Aug. 21 in St. Jude's Catholic church, New Lenox, Miss Gail Knowles became the bride of Arlan H. Schram.

Father Andre Schludecker, OFM, read the nuptial service uniting the daughter of Mr. and Mrs. Edmund T. Knowles, 732 S. Cedar rd., New Lenox and the son of Mr. and Mrs. Burnett Schram, 220 Hickory st., Frankfort.

Arrangements of white flowers banked the altar of the church and wedding selections were sung by Miss Frances Klinger, accompanied at the organ by Mrs. Harry Griffin.

Escorted by her father, the bride wore a gown of silk peau de sole sheath with bateau neckline, fitted bodice, long tapered sleeves and a slim floor length skirt. A full chapel length detachable train with scalloped bottom edge cascaded from natural waistline. The neckline, waistline and train was accented by the use of pearl touched alencon lace motifs with white peau de sole shoes.

The small pearl and crystal crown controlled the three tier pure silk english illusion veil. She carried a cascade of white glameilia. The bride wore a rhinestone heart necklace, a gift of the groom.

Attending as maid of honor was Miss Barbara Murdock of Mokena. The bridesmaids were Mrs. Wendell Homan of Orland Park, sister of the bride, Miss Kay Schram of Frankfort, sister of the bridegroom and Miss Kathy McCollum of New Lenox.

The bride's attendants were attired in rainbow colors of gold, avacado, pert pink and azure blue pault de suede with oval neckline, elbow length sleeves, molded bodice, natural waistline and soft slim skirt reaching slipper toe length. Three bands of bias fabric formed a cummerbund effect at the waistline. From a tailored bow, a

detachable train fell from the waist to the hem line.

Their headpieces complimented each ensemble and they carried baskets of french carnations with nylon tulle to accent each gown. They wore gold pearl necklaces and white chapel lace gloves, gifts of the bride.

The flower girl, Jenifer Carson of Flossmoor, was attired in a white gown similar to the brides attendants, and she threw rose petals from a white basket.

Alan H. Schram served his brother as best man. Ushers duties were performed by Keith Schram, brother of the groom, Gregory Concor, Thomas Hartung, James Murdock and Roger Semanovich. The ring bearer was Raymond Knippel.

For her daughter's wedding, Mrs. Knowles chose a blue lace over satin, with an acetate lace coat with matching accessories. She completed her costume with a corsage of baby tea roses.

The bridegroom's mother, Mrs. Schram, donned a mint green scalloped tucked silk chiffon sheath, color-cued accessories and a corsage of baby tea roses.

A buffet dinner was served following the ceremony in the Veterans Memorial hall, Frankfort.

After a wedding trip to the Wisconsin Dells, the newlyweds are residing at Forest View drive, Lincolnwood Subd., New Lenox.

TB Association To Fete Seal Designer

Miss Nancy J. Russell, Executive Director of Will, Grundy and Kankakee County Tuberculosis Associations, today announced plans for a special dinner meeting in Joliet, on Thursday, Nov. 11, at D'Amico's 214 at 7:00 p.m. to honor Fred T. Salomonsen, designer of the 1965 Christmas Seal.

Mr. Salomonsen is a resident of St. Paul, but a native of Copenhagen, Denmark. Presently he is staff artist for Brown & Bigelow and specializes in creative design and illustrations. Salomonsen came to the United States in 1946 and joined Brown and Bigelow one month after arrival. Often referred to as "Big Frede" because of his 6'6" height, he is the father of two, Steven age 14 and Robin age 8. His personal hobbies include an active participation in the famous St. Paul winter carnival.

Salomonsen's interest in

submitting a design for the Christmas Seal Contest was two fold. First, he had tuberculosis when he was an 11 year old child in Denmark and secondly he grew up in the home country of the very first Christmas Seal.

Mr. Salomonsen will explain his design and what it means to him along with sharing many personal experiences. Just this week he returned from a trip to Europe where he visited the King of Denmark and the daughter of Einar Holboell, designer of the first Christmas Seal. While in Denmark he presented both of them autographed copies of his 1965 Christmas Seal.

Miss Russell pointed out that this will not be a business meeting and any member of the community is most welcome to attend the dinner and meet Mr. Salomonsen. Reservations are necessary and can be made by calling the Association by Nov. 2 at Joliet 722-5922.

Sandburg Jolts Vikings, 20-0

Carl Sandburg football team continued its winning streak last Saturday against Homewood-Flossmoor. The Eagles rode rough shod, shutting them out 20 to 0 and at the same time knocking them out of piece of the No. 2 spot in the Southwest Suburban conference standings.

The Vikings of Homewood-Flossmoor were tied with Evergreen Park for second place with a 3-1 record. The Vikings had shut out Lincoln-Way the previous week-end and this time it was Evergreen Park who walloped the Knights, thus posting four wins as against one defeat.

In the Homewood-Sandburg contest Tom Hofferica, quarterback, scored one touchdown after a 16-yard run, and Jim McGhee, leading scorer in the conference, packed in two one on a nine-yard carry and the other on a six-yard go. Dick Henderson added two points to the total on kicks after touchdowns. The Eagles scored in the first period and twice in the final quarter. Halftime score was 6-0. Sandburg plays Oaklawn this Saturday.

In the Bremen-Oaklawn game the Braves from Midlothian piled up 27 points

to seven for Oaklawn.

Nicastro scored two touchdowns for Bremen, on six and 15-yard runs; Street went over after a nine-yard carry and Henley scored on a 10-yard run. Moore kicked for three points after touchdowns for Bremen.

Vallera scored Oaklawn's touchdown on a 19-yard pass tossed by Sledz. Reithofer added another point with his kick so the final score was 27 to 7. Bremen scored in every period. Oaklawn made its touchdown in the final quarter.

L-W Homecoming Still Jinx To Football Team

BY TOM SCARTH

It was a dreary day all the way around for the Knights last Saturday as they dropped their third straight scoreless game to the Evergreen Park Mustangs, 35 to 0. It also extends the Lincoln-Way Homecoming jinx to 0-10.

In the first quarter, it looked as tho the Knights were going to score right off the bat when Wayne Rouson intercepted a pass at E.P.'s 25 yd. line. The first play from scrimmage for the Knights ended up an intercepted pass. On a series of running plays the Mustangs moved the ball to within the Knights 6-yd. line. Evergreen Park's Tom Randick fumbled, but Dean Carlson recovered the ball within inches of the goal line. Tom Randick then ran the ball over for the Mustangs first touchdown. Bob Kent's kick for the conversion was good, making the score 7 to 0.

In the second quarter, Evergreen Park recovered a fumble on Lincoln-Ways 30 yd. line. Two plays later, Lance Crawford raced 25 yds. for the Mustangs second touchdown. Kent's kick was good making the score 14 to 0. Tom Randick also scored in the second quarter with a 48 yd. run. Kent's try for the conversion was good a-

gain, ending the half with the score 21 to 0 in favor of the visitors.

In the third quarter, it looked like the Knights were going to score when Ray Hommes and Warren Webb recovered a fumble deep within Evergreen territory. The ball was intercepted on a pass on the 4th down ending the threat. The ball changed hands several times before the quarter ended with the Mustangs on the Knights 45 yd. line.

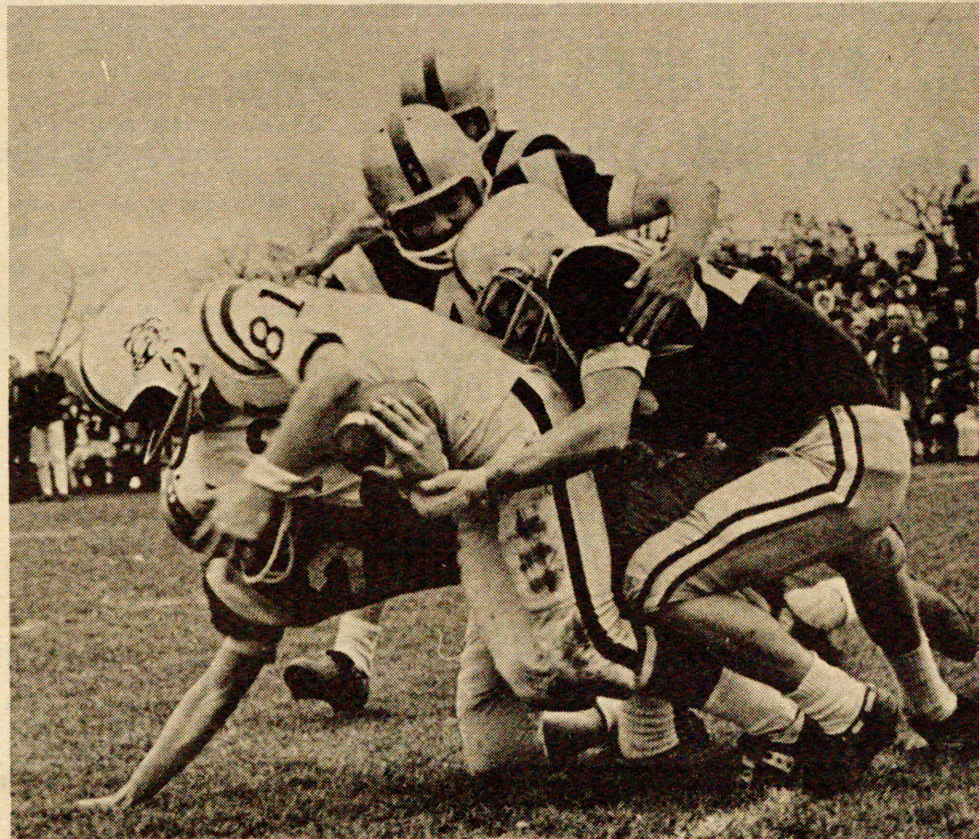

Tom Randick moved the ball to within the 15-yd. line at the beginning of the final period. Then Randy Muerach tossed a screen pass to Lance Crawford for a touchdown. Kents kick was good making the score 28 to 0.

The Mustangs last touchdown came when they recovered a fumble on the Knights 34-yd. line and Tom Randick raced 34 yrs. for a score. Bob Kents try for the extra point was good making the final score 35 to 0.

In the second half of the game there were three Sophomores playing for Lincoln-Way, Pat McCabe, quarterback, Randy Davis, end, and Rick Kolhbacher, halfback. All three played superb varsity football. If they are any indication of Lincoln-Ways football to come, look-out Southwest Suburban Conference.

The L-W Frosh-Soph won their game 13 to 0. The sophomores now have a record of 3 - 2 - 1 which is one of the best for a Lincoln-Way sophomore team.

Tomorrow the Knights travel to Reavis for a night game.

FRANK FLECK, No. 81, Lincoln-Way back, is accustomed to carrying his share of the load but at this particular point he was a victim

of quite apparent overloading. He was brought down by four members of the Evergreen Park club when this picture was taken at the

Lincoln-Way homecoming game last Saturday. Lincoln-Way just can't win a homecoming game. (Graphic Newspapers photo)

Burros Varsity Knocks Off New Lenox, 12 To 6

The Burros varsity came out of their cocoon and walloped the New Lenox Mustangs 12-6 in a display of rugged defense by the senior Burros team. Outstanding offensive play of the entire afternoon was a 67 yard touchdown run by Terry Ryan on the kickoff following the Mustangs only touchdown.

Ed Scalise ran for the winning touchdown in the second period. Mike Craven was the player, however, the Burros turned to in the second half to cement the victory. Four times he came up with phinges which netted first downs, keeping the ball in the hands of the Burros.

The Jr. Varsity Burros won 21-7 over the Crestwood Colts in the other game. A

much improved Colt team suffered, due to 7 fumbles. Their center's hand was bruised and he was unable to grip the ball properly,

causing 5 fumbles.

Ken Fortman scored 2 touchdowns on end runs. Billy Clegg scored the Burros' three touchdowns.

Next Sunday the Burros play Tinley Park in the showdown for the league championship at Mokena Park at 1 p.m.

Only electric dryers give you the same kind of gentle radiant heat you get from the sun

Flameless electric drying is gentle, because it works with radiant heat—like the sun. The only difference is it's controlled. You dial exactly the heat you need for the clothes you want to dry. There's no harsh overdrying or scorching. Whites stay white, colors stay bright, clothes keep their original fit. Another thing. Electric dryers are flameless—so there are no fumes or by-products of combustion. Clothes come out clean and fresh as all outdoors. And, a radiant electric dryer will cost you only \$1.25 a month to operate.*

What is radiant heat? It's the kind of heat you feel from the sun on a warm day. It's not at all like the scorching heat you feel when you hold your hand over an open flame. The heating element in an electric dryer gives off radiant heat. So it dries gently like the sun.

*Based on actual use by a cross-section of Chicagoland families.

Contrary to what you may feel it's not always necessary to travel for miles to enjoy the fall color. Many outstanding landscape plants that can be brown in your backyard have attractive coloration.

On vines, yellow foliage can be observed on bittersweet and simlax. Not only does the foliage add interest, but the bright orange berries of bittersweet add their own

spark to fall. However, for the colorful berries be sure to plant both a male and female plant. The prickly simlax has a black berry which although interesting can't compare with bittersweet.

Vines which turn purple are the virgins bower clematis, and for red or orange foliage select the Virginia creeper or Boston ivy.

Some shrubs turning orange or red are arrowwood, barberry, especially the Japanese variety atropurea, and chokeberry. Certain varieties of cotoneaster and dogwood varieties such as the cornelian cherry,

red osier dogwood and Siberian dogwood also exhibit red autumn foliage. To add to the list of red leaved fall plants you can include the burning bush, also called winged enonymus, the green-twig forsythia, nannyberry, Froebel spirea, and varieties of sumac.

Shrubs with leaves turning purple are grey dogwood, goldenbell forsythia and Regel's privet. Yellow shrubs include the fringe-tree, spicebush, thunberg spirea and the witch-hazel. Shrubs retaining their foliage through November are: five leaf aralia, Japanese barberry, dwarf cranberry bush, winter honeysuckle, and the various privets such as Amur, California and European. Other semi-evergreen shrubs are St. Johnswort and the virburnums such as fragrant, leatherleaf and siebold.

Look for fall color near your home. It can add another dimension of beauty to your home and community landscape.

THE IDEA here, of course, is to make motorists aware that school is in session again and streets and highways are more hazardous than ever at those hours when youngsters are on their way to and from school. A good thing to remember too it was pointed out, that motorists must stop when school buses stop, in town, out of town, coming or going.

"Festive Fare For The Holidays" Theme Of Woman's Club League

"Festive Fare for the Holidays" was the theme last Tuesday at the bi-annual meeting of the Will County Woman's Club League.

Two homemaking experts from Northern Illinois Gas Co., Mrs. Mary Wallace and Miss Naomi Linder, presented the program in the

Homer Congregational church, Homer township. Many traditional as well as new recipe ideas for holiday entertaining were pre-

sented by the home economists, along with their Christmas tree and home decorating ideas.

The morning session

opened at 10 o'clock. The president, Mrs. Charles Elliott presided and conducted a brief business session.

Also during the morning a portion of the program was devoted to the celebration of the Golden Anniversary of the League. The history of the League was related by Mrs. Loren Sass.
